WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.

OFFICE OF PETITIONS

AFFIDAVIT OF STEVEN E. McKENZIE

I, Steven E. McKenzie, Vice President for Research, Thomas Jefferson University,
declare as follows:

1. Thomas Jefferson University is the owner of the entire right, title and interest in U.S. Patent No. 6,302,845 ("the '845 Patent") as evidenced by the Assignment recorded with the United States Patent and Trademark Office ("USPTO") at Reel No. 012010 and Frame No. 0009 on July 17, 2001.
2. The '845 Patent issued on October 16, 2001.
3. The '845 Patent expired on November 16, 2005 due to nonpayment of maintenance fees under 37 CFR 1.362.
4. Thomas Jefferson University hereby seeks to revive the '845 Patent.
5. The entire time of delay of paying the required maintenance fees was unavoidable.
6. Thomas Jefferson University hereby petitions the USPTO to accept the unavoidable delayed payment of maintenance fees in the expired '845 Patent under 37 CFR 1.378(b).
7. Thomas Jefferson University submits herewith all required maintenance fees and the surcharge as required under 37 CFR 1.378(b).

8. I make the following statements as a showing that that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent.

- a. The patent application (Application Number 09/272,764) which matured into the '845 Patent was filed on March 19, 1999, and claimed priority to Provisional Patent Application No. 60/078,823, filed March 20, 1998.
- b. The attorney of record for the '764 application was Clifford Kent Weber, USPTO Registration No. 42,215.
- c. Mr. Weber was an employee of Thomas Jefferson University in its IP Counsel Group of the Office of University Counsel.
- d. Mr. Weber was solely responsible for prosecution of the '764 application before the USPTO (i.e., Thomas Jefferson University did not use outside counsel for the prosecution of the '764 application).
- e. The '764 application issued as U.S. Patent No. 6,302,845 on October 16, 2001.
- f. In accordance with Thomas Jefferson University policy, one of Mr. Weber's duties as an employee of Thomas Jefferson University in its IP Counsel group was responsibility for payment of maintenance fees for the '845 Patent.
- g. Mr. Weber's employment was terminated by Thomas Jefferson University on July 1, 2003, and he left the University immediately and abruptly thereafter. Mr. Weber did not transition his working matters to anyone else at Thomas Jefferson University.
- h. Thomas Jefferson University's IP Counsel Group dissolved after Mr. Weber's dismissal.
- i. There are no records indicating that Mr. Weber transferred responsibility for payment of maintenance fees for the '845 Patent to outside counsel.
- j. There are no records indicating the Mr. Weber contracted with a maintenance fee servicer to pay the maintenance fees for the '845 Patent.
- k. Thomas Jefferson University's lead counsel's employment was terminated on May 21, 2004.

- l. Records relating to the '746 application and the '845 Patent were lost subsequent to the dismissal of Mr. Weber and of the lead counsel. This included records related to the maintenance fees of the '845 Patent.
- m. The first maintenance fee for the '845 Patent came due on April 16, 2005.
- n. Payment of the first maintenance fee has been unavoidably delayed as Thomas Jefferson University's Office of Technology Transfer and Business Development ("OTT"), the office that took over the coordination of patent prosecution functions on July 1, 2003 after Mr. Weber's sudden and abrupt dismissal, was not aware of the need to pay the first maintenance fee. Since July 1, 2003, OTT has engaged outside counsel to conduct all patent prosecution related matters and it was OTT's belief that responsibility for payment of maintenance fees for the '845 Patent had been transferred to outside counsel.
- o. OTT was made aware of the expiration of the '845 Patent when the OTT was forwarded a copy of Notice of Expiration of the '845 Patent received from the USPTO on December 22, 2005 by Thomas Jefferson University's Office of University Counsel. Because there was no case file for the '845 Patent, the receipt of the Notice was docketed by OTT's receptionist in OTT's database. However, the receptionist resigned from employment with the OTT and the Notice was subsequently misplaced.
- p. OTT has had Thomas Jefferson University personnel investigate the circumstances of the expiration. It was not OTT's intention to abandon the '845 Patent since OTT has a standard operating procedure to handle cases that Thomas Jefferson University decides to abandon and OTT has no records of its plan to abandon the '845 Patent. OTT intended to pursue revival of the '845 Patent upon discovery that it had expired and was under the impression that the receptionist had transferred the case for the '845 Patent to an outside counsel to revive the '845 Patent.
- q. OTT did not realize until June 1, 2009 that revival of the '845 Patent was not pursued completely and the case for the '845 Patent was not transferred to an outside counsel. Since then, Thomas Jefferson University has contracted with outside counsel to prepare and file this Petition with the USPTO. Thomas Jefferson University has transferred responsibility for future payment of the '845 Patent maintenance fees to the outside counsel.
- r. The '845 Patent was the only incidence that a case previously handled by Mr. Weber was not transferred to an outside counsel since OTT took over patent prosecution functions after July 1, 2003.

- s. Thomas Jefferson University submits herewith the first maintenance fee, the second maintenance fee (which became due on April 16, 2009), and the surcharge for delayed payment of the first maintenance fee.
- t. Thomas Jefferson University respectfully and earnestly requests revival of the '845 Patent as the delay in payment of the first maintenance fee was unavoidable.
- u. Thomas Jefferson University intends to commercialize the intellectual property covered by the '845 Patent to benefit the general public.

9. Thomas Jefferson University further declares that all statements made herein of its own knowledge are true and that all statements made upon information and belief are believed to be true.
